## INTRODUCTORY NOTE

In "The Shield" for December, 1899, appeared the following:

"Arrangements have been completed by which a new catalogue will be published next summer in case Brother Frederic Carter, the Custodian of Archives, returns East in time to finish the work which he already has well under way. Brother Carter will have entire charge of the editing of the catalogue and the preparation of it for the printer. He has for some years been regularly at work certifying addresses and looking up the necessary data. His records for one-half of the charges are practically complete. He is now engaged in pushing the work for the rest of the charges and, if he is able to return to New York, can have it all done by July 1, 1900. Those who are familiar with Brother Carter's careful and persistent work know that the catalogue will be as accurate as it is possible to make it. When the copy is ready another brother stands ready to put it through the press and assume the financial responsibility. It is therefore probable that by October of next year the Fraternity will have a catalogue which will be complete and accurate to date. That it is greatly needed all agree. Brother Carter has solved for us the difficult question of how it is to be had."

The Fifty-second Convention, held at Washington, February 21-22, 1900, voted:

"That the action of the Grand Lodge in the matter of the publication of a new catalogue by the Custodian of Archives in the manner proposed in the last issue of The Shield be approved."

Brother Carter did not return East until December, 1900. The work of certification and revision remaining to be done occupied him continuously until August, 1901, when the first copy was ready for the printer. Vexatious delays by the printer have since made the work go slowly. At last, however, it is completed and is now presented to the Fraternity as the result of five years of labor in supplying the omissions and inaccuracies of the manuscript catalogue of 1859 and the printed catalogues of 1867, 1875, 1891 and 1895, and in continuing the records to this date. Even now the Editor wishes it to be understood that since only 1895 out of a total membership of 3817 personally certified their addresses he is unable to vouch for the accuracy of addresses not so certified.

Every available source of information has, however, been exhausted in the effort to make the catalogue complete and accurate, and 3808 addresses of the 3817 have actually been given, while the success in finding and giving full names of members is most notable. Those who examine the catalogue are earnestly requested to send to the Custodian of Archives immediate notice of any corrections they are able to make. The admirable system of card catalogue adopted by the Custodian enables him to keep a record of initiations, addresses, deaths and other information, which is at any given moment corrected to date.

The main portion of the catalogue ends with July, 1901, but a supplementary list includes the initiates from that date to December 1, 1901. The additions and corrections indicate the progress of the work since the printing began.

This catalogue discloses that our Fraternity now numbers 4397 initiates of whom 3817 are living while 580 have passed into the Omega Charge. The twenty-two living Charges have a total membership of 3412, while the sixteen Charges (exclusive of Rho Proteron), no longer in existence, have a total membership of 985. This is the result of fifty-three years of Fraternity life and work since that memorable June 5th, 1848, when the Founders entered in the Alpha records the statement of the formal completion of their work of preparation and organization.

The compiling and editing of a catalogue covering so long a period and including so many Charges whose records are lost in whole or in part, is a work involving a great outlay of time and attention. To Brother Carter for his long, patient and effective work in this behalf the Fraternity owes a lasting debt of gratitude which the Grand Lodge gladly takes this opportunity to acknowledge.

E. W. HUFFCUT,  
PRESIDENT OF GRAND LODGE.

DECEMBER, 1901.

These three were undoubtedly elected. Their names were sent to Burgess of Albany, the badge maker and by him furnished to John P. Little, A '60, for the MS. Catalogue of 1859. Franklin Burdge, editor of Catalogue of 1875, does not credit them as members, and the Supplement to 1875 Catalogue, 1880 also states such belief. They have been dropped from card index. The Charter members are quoted from Memorial Volume.

UNION COLLEGE, SCHENECTADY, NEW YORK.

FRATERNITY FOUNDATION JUNE 5, 1848,

AT 15 FRONT STREET, NOW 117 FRONT STREET,

SCHENECTADY, NEW YORK.

N May, 1847, the six Founders met in the college building, then known as West College, and formed a pact. These men never claimed their early association to be the beginning of the Fraternity; and in order to make history correct, did, with two other men, at the origin of the  $\Theta \Delta \chi$  Fraternity, June 5, 1848, sign the following statement of fact engrossed as their first record page on Alpha minute book, now in Archives:—

“Though the subject, for the settlement of which, the first meeting of our Fraternity was held, had been under consideration some weeks previous, it is believed by the Founders of our Fraternity that the first active steps may properly date from the fifth of June, the year of our Lord eighteen hundred and forty-eight, and that day is accordingly recommended to the Fraternity as the anniversary of its foundation.”

The following shows the definite foundation of  $\Theta \Delta \chi$ :

“On the night of the fifth of June, 1848, the following named gentlemen, members of Union College, met according to agreement at the house No. 15 Front street, occupied by the family of the late Governor Yates: Wm. G. Akin, Abel Beach, Theodore B. Brown, Robert L. Dodge, Theodore J. Fonda, Jesse D. Fonda, Andrew H. Green, Wm. H. Hyslop, Francis E. Martindale, Samuel F. Wile, Newton B. Sherman and Abram Walrath. It was unanimously resolved that a secret association be formed.”—(Alpha minutes, page 3).

A constitution was adopted at this meeting.

# LAMBDA GRADUATE

NEW YORK CITY.

ESTABLISHED SUMMER 1856.

**T**HIS was a Graduate Charge, formed by six graduates, and ten members (as below) afterward affiliated to the Delta.

To the list (as in Catalogue of 1867) are added Oliver S. Ackley and John W. Little, as certified by John W. Little's library. The convention of 1858 transferred the executive power of the Fraternity from Alpha to Lambda.

Thus, for college year 1856-7, Lambda became executive.

Lambda surrendered charter in Summer of 1857, whereupon Alpha resumed executive power, and retained it until January 24, 1868.

The organization of Lambda, becoming quasi, kept life through meetings and social hours. To these were called the '60 to '67 members named below. By 1864 the Lambda became crystallized in memory.

Here it is given the importance due to the Charge that governed  $\Theta \Delta \chi$  in 1856, and pioneered the path towards central government.
